IN RE: TCG OMAHA	DOCKET NO. RPU-00-2 (TF-00-15)
-------------------------	-----------------------------------

ORDER DOCKETING TARIFF

(Issued April 3, 2000)

On January 25, 2000, TCG Omaha (TCG), filed a proposed access and network interconnection services tariff. The proposed tariff language is very similar to language filed by AT&T Communications of the Midwest, Inc. (AT&T), in a proposed tariff filed on May 28, 1999. TCG is a partnership owned by AT&T. The AT&T tariff filing was identified as docket No. RPU-99-3 and the issues in that filing are currently before the Board for consideration.

The Board will docket TCG's proposed tariff for further investigation. After the Board has issued an order in Docket No. RPU-99-3 and has had an opportunity to evaluate this tariff filing considering its rulings on the legal issues in that case, the Board will issue an order establishing such further proceedings as may be necessary.

IT IS THEREFORE ORDERED:

The proposed access and network interconnection services tariff filed by TCG Omaha on January 25, 2000, identified as TF-00-15, is suspended and docketed for investigation as Docket No. RPU-00-2.
